Norm & Linda Benson's 1962 Willys Jeep CJ5

Norm & Linda Benson - 1962 Willys Jeep CJ5

My frame off 2 year project.

I'm lucky that I had help from my son in law Eli Garza and brother in law Ed Glass as well as Brent's Transmission.

This is a 1962 Willys Jeep "F" head with 17000 original miles and I am the 3rd owner.

It was bought in Oregon by a farmer who sold it to a friend of mine in Kettle Falls.

We picked it up and on the way home we stopped at Two Rivers Casino.

When I came back outside from eating there were two sheriff cars there.

They had got a call about a Jeep in the parking lot that had blood spatter on the inside of the plastic windows.

Reality it was stain from acid rain. We all had a chuckle and went on our way.

It was a great project that was about right for my limited mechanical abilities.
