JANUARY, 2014 NEWSLETTER

Joe McCullough's 1950 Chevrolet BelAir

My 1950 Chevrolet BelAir was originally purchased by my parents as a gift for my 15th birthday. Soon after the purchase, my father and I replaced the two piece front window with a one piece window from a 1950 Olds, and the stock grill was replaced with one from a 1958 Buick. Later that year, we installed a 265 Chevy motor, replacing the stock 216 motor.

My father, Mack, was a car painter, so he and I mixed our own custom color and he painted it.

This car was my driver until I graduated from college and got married and the car went into storage.

The car stayed in storage until our last child graduated from high school, at which time the car started on a new journey of customization.
