Car of the Month

Lorraine Church's 1972 Volkswagen Super Beetle

This little "Bugablu" she came to live with me in June of 2011 from Kennewick. She is a 1972 Super Beetle convertible with 1776 cubic centimeter of thunderous power, with a Webber carburetor. She is a winner, taking first place prize in the Othello Spud Run slow drags. After putting on new brake shoes, drums, and generator, as a girl has to have her bling, she became my everyday driver during the summer months. "Bugablu" is fun to drive, feeling the wind in my hair and the sun upon my face. With no major breakdowns, she is not Duck worthy. ("Thank God")

Minutes of the November, 2013 Meeting

Meeting was called to order at 7:00PM by President, Bob Duffin, at the Porterhouse Steak House.

Thank you to Juanita for making the arrangements for our turkey dinner and judges for the dessert competition.
