Tom Flores 1971 Ford F-100 Custom

This is a 1971 Ford F-100 Custom. It has a 302 and a 4 speed manual transmission 2 wheel drive. This truck was purchased by my father-in-law in 2004 from a student at the high school. He replaced the heads and radiator and gave it a tune up and drove it periodically. It only had about 62,000 miles on it at the time. I received the truck as a gift for my birthday in 2012. It now has about 110,000 miles on it. The only improvements we have done to the engine is an upgrade to an electronic ignitor for the distributor. We plan on sandblasting and painting the truck and revamping the interior. It has been a reliable truck and we look forward to giving it an overhaul to make it better than new.
