## Summer Greetings MLCCC Members and Friends !

### Holly Molly - Would you have ever "Thank It" at all ?

Here we are in mid August 2023 and what a year we've all cruised through uh ? Record breaking weather events // Historical 104 \* Heat // Gov. Declared Drought Declarations // Highest Gas Prices in the USA // (*Ain't we proud?*) But here we are, still driving down our personal roads that life throws at us. Navigation is the key and trusting that you're seeking // finding // receiving help where needed. If not, call for help - don't be shy - ( Song from 1969 ) **"You Ain't Heavy - You're My Brother"** ( By: The Hollies ) ( Google for lyric recall if you want ? ) *"Blessings"*.

**CAR WISE** Trust you're tracking // calculating // recording all those fun filled miles to each Car Show // Show & Shine // Cruise In // any place else where cool rides, like yours, congregate and share enjoyment of our passion. **"YEP"** Cars // Trucks // Motorcycles // Tractors // Bicycles // Motorized Skate Boards ? We'll add our milage recorded at years end to see how much we enjoyed just cruising // sharing them for an official **GRAND TOTAL TRAVELED**.
