Car of the Month

November 2016 Car of the Month

Bob Kent - 1940 Oldsmobile Series 60 Club Coupe

Bob Kent - 1940 Oldsmobile Series 60 Club Coupe

This 1940 Oldsmobile Club Coupe was my high school car.

A Benge farmer gave it to me for a promise of helping him brand cattle. I was 14 years old.

The car had been run into the ditch and through a barb wire fence.

The front left side was badly mangled. It also had a spun rod bearing.

My dad and I fixed it up and I drove it to high school in Washtucna.

I painted the car with red patio paint when I was 15.
