Current checking account balance as of April 1, 2023, is **\$7,874**. It has been many years since the account has been below \$8,000 but we are not doing anything to make money currently. All bills are paid up at this time.

Paul reported that he has tweaked the website so that if you are viewing it on your phone, it should be a lot better. He will add Rex DeLay's and Linda Morris's information to the site. New Business: (Dave Robins)

The MLCCC Executive BOD & Advisors met on April 10 to discuss the website and how effective it is. We posted a contest instructing members to bring pictures of themselves around high school age to the next general meeting. They were to add birthplace on outside of envelope. Roger Simmons was the closest birthplace to Moses Lake, Quincy. Charlie Green was the farthest,

Trinidad, Port of Spain, West Indies, and Ray Mayo was farthest in continental U.S., Florida. The idea was to see if members use the website since we pay for it. The majority utilize the site, which is great.

For the Good of the Cause: Jackie Chlema, who is on the board of directors of the Community Concerts, passed out flyers for next year's shows. Dave suggested we might all go as a car club like we did last year for the Everly Brothers.

Events Committee Report: (Dennis Jackson/Roger Simmons)

Next cruise is Dust 'em Off to Quincy on April 22. We will meet in the parking lot of Executive Realty on Broadway. American Reflections car club from Yakima may join us. Dennis and Charlie will lead the cruise. Directions will be handed out to the shotgun rider of each car. Dennis will try to call ahead about restaurants prior to each cruise to see if they can manage a large group. Call Dennis with any other suggestions regarding cruises that are not on the list. We will, of course, have slide ins during the season. The cruise team will try to have flyers available for each of the cruises. Roger & Melissa indicated there will be an event at McKay nursing home in Soap Lake on May 17h, 2023 at 10:00 a.m. As we start cruising Dave asked that we track our mileage to see how far the club travels during the year.

Car of the Month

April 2023 Car of the month

Ray & Mary Mayo - 1965 Ford Fairlane 500

Our 1965 Ford Fairlane 500 We Bought our car in May of 2007, from Newtons Car Corner. Just in time to enter it in the Moses Lake Spring Festival car show. We try to do one project on the car each year. The 1st one was to put on the magnum 500 wheels. It changed the image from an old car to a hot rod. The next was a new interior, and so on. This year's project was to have an AM/FM/CD unit installed. No more Quiet rides! Still undecided on next year's project. We really have enjoyed the car and hope to for many more Years.
