

# THE PIT STOP

MOSES LAKE CLASSIC CAR CLUB

July 2011

---

**From the Editor:**

There are some items missing from this newsletter that were supposed to be included. I work with 2 computers and one had a glitch so I was unable to include the Car Show statistics and the Treasurer's Report in the newsletter. I will include them in the next one.

Several people have asked for copies of the membership list. I was informed that some people do not want their information made public so have not included this. This is something that needs to be discussed among the membership before it can occur. Aaron, please put this on the agenda for the October meeting.

## June Car Of The Month

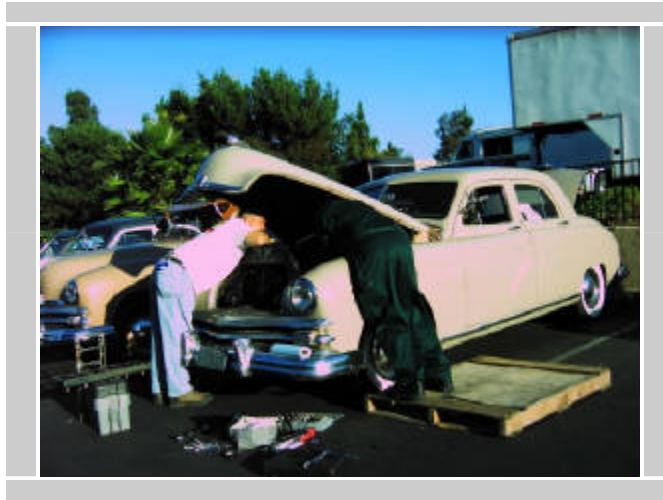

### Bill and Glenda Anderson's - 1930 Model A Ford Tudor Sedan

The car is a 1930 Model A Ford Tudor Sedan. It was built in the Tacoma area. This car was then bought and brought to Walla Walla and driven for several years. A friend of ours told us about the car for sale and with my wife Glenda's permission I drove down and bought it in 2003. I drove it knowing it was going to have to be up-dated. Steve Gordon installed a 383 Chev. stroker engine, Bitchin' Firewall, Walker radiator, VDO gauges, American wiring, and new taillights. We then replaced the wheels and tires. The car sits on a stock frame but has all Chev. running gear, including a Corvair front end, which is kind of unusual. Glenda and I really enjoy our rod and being part of the Moses Lake Classic Car Club.

Replacing Clay & Karen Crook the Current 'Duck' owners are: Paul & Nancy Boehm  
On trip to San Diego show we had 2 fuel pump problems, blew a heater hose, cracked a head, and lost a hub cap.
