Gordon Edwards - 1960 Studebaker Hawk

MY 1960 STUDEBAKER HAWK WAS/IS ONE OF LESS THAN 5,000 BUILT.
THEY WERE NOT GOING TO BUILD ANY HAWKS IN 1960.
THEY WERE GOING TO THE NEW LARK, BUT DECIDED THAT THEY NEEDED A BIGGER AUTO.
THEY DROPPED THE SILVER FROM THE NAME..SO NOW IT WAS JUST HAWK.
NEW IT SOLD FOR \$2,650 AND WEIGHED 3,207 POUNDS.
I MUST SAY MINE IS A LITTLE HEAVIER BECAUSE OF ALL THE TROPHYS IN THE BACK
SEAT. 😊
IT HAS A 289 CUBIC INCH ENGINE BUILT BY STUDEBAKER,
AUTOMATIC TRANSMISSION...NO POWER STEERING, NO POWER BRAKES.
IT IS PAINTED "WIMBLEDON WHITE".
