MOSES LAKE CLASSIC CAR CLUB

April 2012

March 2012 Car of the Month

Gordon Edward's 1960 Studebaker Hawk

This 1960 Studebaker was listed in Wheel Deal in 2004 in Walla Walla. I called the person who had it listed and he told me about it. I thought it was a little high price-wise but he said he was going to take it to a car show the next day and sell it. Well....it didn't sell so with Annie alongside, we went to see it. You can't deal with a woman so Annie got him down to a good price and I drove it home. The first car show we took it to we found out that the car was bought new by a guy's uncle. We are third owners. It had about 80,000 miles on it.....now it has over 100,000 miles on it. It has no pb, no ps, no bs, no air, twin pipes, twin mirrors. I had Maaco paint it with Wimbledon White (ford color)/ I was told if a Studie sat in your driveway without an oil drip it wasn't a Studie....that makes ours an over 100% plus a Studebaker. We have taken it to a lot of shows and it won only once...at Dayton in 2011, 2nd place in its class. We don't trailer it....we drive it!
