Clay & Karen Crook - 1974 AMC Station Wagon (The Turd)

Clay & Karen Crook – 1974 AMC Station Wagon

I bought this car in May 2008 with 103,000 miles and really didn't want it. However since it now has 130,000 miles put on in the last 9 years I like it as my daily driver. I would like to paint the sides the same color as the driver's door. Maybe this year? The rest of the car is in good shape and I now appreciate a hauling station wagon.

My daughter Kelly is responsible for the front license plate holder.
