Car of the Month

Paul & Nancy Boehm's 1949 Kaiser Special

I have restored this Kaiser to factory original condition on the exterior. Most of the outer body work and paint were done by Kenny at "Mild to Wild". The color is the original "Bermuda Tan" color. The interior is still untouched original and looks as good as the outside. It has a stock 115 HP - 226 cubic inch Continental flathead 6 cylinder engine and a 3 speed manual transmission with overdrive. It has a top speed of about 105 MPH downhill with a tailwind so it will cruise down the freeways without any problems.

I bought this car in Wisconsin in 2010 with only 16000 original miles on it.

I had owned a 1949 Kaiser in High School (that I had helped my mother pick up brand new from the factory in Willow Run, Mich.), so this car is just like going back to my childhood.
